

Jean Monnet Module

“Economic Policy in the European Union”

With the support of the
Erasmus+ Programme
of the European Union

EVALUATION STATEMENT I

Choose a topic that has been discussed and approved by the European institutions and fill in the following questions schematically:

1. Briefly describe the generation of demand and channelling into the European political system.
2. Briefly detail the treatment of said demand by the European political system (development by the community political institutions and how they have been processed).

For this, it has the following tools for searching and understanding the procedure:

- Ordinary legislative procedure:
https://www.europarl.europa.eu/infographic/legislative-procedure/index_es.html
 - Search for legislative acts adopted by "co-decision":
<https://www.consilium.europa.eu/es/documents-publications/ordinary-legislative-procedure/>
3. Specify the development of the policy through the execution structures.
 4. Briefly investigate the impact of the issue in Spain.

Evaluation criteria:

The text will be presented, with 2.5 cm margins, in Times New Roman (12 pt.) and 1.5 spacing. The extension will not be more than 6 pages nor less than 3.

The text will be written in accordance with the established academic standards, it will include footnotes and a list of sources and bibliography. Remember that if you insert graphics, images or tables, you must title and number them (indicate their source in the caption and comment on them in the text).

In the case of detecting plagiarism, it will imply a suspension.

Deadline: May 2, 2022**Format: PDF or Word****Email: epeu@cee.uned.es / aLF**
